Int J Gynecol Obstet, 1994, 44: 319–321
International Federation of Gynecology and Obstetrics

Subject index

Volume 44

Acute effects of chemotherapy, acute myelogenous leukemia, pregnancy, fetal blood, intrauterine growth retardation, 273
Acute myelogenous leukemia, pregnancy, fetal blood, acute effects of chemotherapy, intrauterine growth retardation, 273
Adenomyosis, endometrial cancer, 76
Agenesis, neovagina, uterine cervix, 168
Antenatal diagnosis, Down syndrome, trisomy 18, diagnostic sonography, ear length, 233
Ascites, endometriosis, 287

Beta-symphthomimetics, multiple pregnancy, ritodrine, tocolysis, transaminase, 74
Bladder exstrophy, vulvovaginoplasty, uterine prolapse, 245
Bladder neoplasms, pregnancy complications, 282
Burr cells, HELLP syndrome, normotension, 67

CA-125, CA-15.3, CA-19.9, carcinoembrionic antigen, insulin-like growth factor I, pelvic inflammatory disease, 53
CA-15.3, CA-125, CA-19.9, carcinoembrionic antigen, insulin-like growth factor I, pelvic inflammatory disease, 53
CA-19.9, CA-125, CA-15.3, carcinoembrionic antigen, insulin-like growth factor I, pelvic inflammatory disease, 53
Caffeine, hypokalemia, cola, pregnancy, 283
Carcinoembrionic antigen, CA-125, CA-15.3, CA-19.9, insulin-like growth factor I, pelvic inflammatory disease, 53
Cardiovascular disease, polycystic ovary syndrome, pathogenic mechanisms, metabolism, 3
Cecum, colon carcinoma, pregnancy, 72
Cervical cancer, screening, efficacy, mortality, 267
Cervix neoplasms, therapy, uteral obstruction, prognosis, 59
Chorionic villi, cytomegalovirus, polymerase chain reaction, prenatal diagnosis, 229
Cisplatin chemotherapy, long-term survival, ovarian cancer, 259
Cola, caffeine, hypokalemia, pregnancy, 283
Colon carcinoma, cecum, pregnancy, 72
Condyloma, human papillomavirus, women with normal cytology, 39
Congenital syphilis, syphilis, prevalence, pregnancy, 113
Conservative management, multiple pregnancy, delayed delivery, 161
Craniotomy, destructive operations, intrauterine fetal death, 15
Cytomegalovirus, chorionic villi, polymerase chain reaction, prenatal diagnosis, 229

Danazol, endometrial hyperplasia, 155
Delayed delivery, multiple pregnancy, conservative management, 161
Delivery, Fallot's tetralogy, pregnancy, 165
Destructive operations, craniotomy, intrauterine fetal death, 15
Developing countries, eclampsia, 9
Diagnostic sonography, Down syndrome, trisomy 18, antenatal diagnosis, ear length, 233
Doppler, PIH, preeclampsia, renal artery, interlobar arteries, 129
Down syndrome, trisomy 18, diagnostic sonography, antenatal diagnosis, ear length, 233

Ear length, Down syndrome, trisomy 18, diagnostic sonography, antenatal diagnosis, 233
Early diagnosis of pregnancy, intrauterine pregnancy, ectopic pregnancy, vaginosonography, serum β-hCG, 33
Eclampsia, developing countries, 9
Ectopic pregnancy, early diagnosis of pregnancy, intrauterine pregnancy, vaginosonography, serum β-hCG, 33
Ectopic pregnancy, management, intrachorionic injection, expectant management, 239
Efficacy, cervical cancer screening, mortality, 267
Endometrial cancer, adenomyosis, 76
Endometrial hyperplasia, danazol, 155
Endometriosis, ascites, 287
Expectant management, ectopic pregnancy, management, intrachorionic injection, 239

Fallot's tetralogy, pregnancy, delivery, 165
Fetal blood, acute myelogenous leukemia, pregnancy, acute effects of chemotherapy, intrauterine growth retardation, 273
Fetal therapy, ovarian cysts, prenatal diagnosis, ultrasonography, 27
Fibronectin, pregnancy, pre-eclampsia, 280

Gestational diabetes, grandmultipara, reproductive outcome, mature gravida, obstetric intervention, 211
Grandmultipara, reproductive outcome, mature gravida, gestational diabetes, obstetric intervention, 211

HELLP syndrome, normotension, Burr cells, 67
Hemorrhagic functional ovarian cyst, natural course, transvaginal sonography, 47
Hepatitis B, pregnancy, surface antigen, screening, 125
High altitude, hypertension, pregnancy, Saudi Arabia, 135
HIV, β-interferon, thymus extracts, human papillomavirus, 255
Hormone replacement therapy, menopause, scoring system, 284
Human papillomavirus, β-interferon, thymus extracts, HIV, 255

Human papillomavirus, women with normal cytology, condyloma, 39
Hypertension, pregnancy, high altitude, Saudi Arabia, 135
Hypokalemia, caffeine, cola, pregnancy, 283

Increased erythrocyte fragility, last trimester of pregnancy, physiological responses, 73
Induction, prostaglandin E_2, labor, ripe cervix, oxytocin, score, 21
Insulin-like growth factor I, CA-125, CA-15.3, CA-19.9, carcinoembrionic antigen, pelvic inflammatory disease, 53
β-Interferon, thymus extracts, human papillomavirus, HIV, 255
Interlobar arteries, doppler, PIH, preeclampsia, renal artery, 129
Intrachorionic injection, ectopic pregnancy, management, expectant management, 239
Intrauterine fetal death, destructive operations, craniotomy, 15
Intrauterine growth retardation, acute myelogenous leukemia, pregnancy, fetal blood, acute effects of chemotherapy, 273
Intrauterine pregnancy, early diagnosis of pregnancy, ectopic pregnancy, vaginosonography, serum β-hCG, 33
IVF, multiple pregnancy, quintuplets, pregnancy reduction, 77

Labor, prostaglandin E_2, induction, ripe cervix, oxytocin, score, 21
Laparoscopic tubal ligation, pregnancy with heart disease, local anesthesia, 286
Last trimester of pregnancy, increased erythrocyte fragiity, physiological responses, 73
Leiomyomata, pregnancy complications, surgical management, 71
Leiomyosarcoma, sarcoma, vulval malignancy, 166
Local anesthesia, pregnancy with heart disease, laparoscopic tubal ligation, 286
Long-term survival, ovarian cancer, cisplatin chemotherapy, 259

Management, ectopic pregnancy, intrachorionic injection, expectant management, 239
Maternal mortality, puerperal sepsis, postpartum hemorrhage, pregnancy and cardiac disease, 223
Mature gravida, grandmultipara, reproductive outcome, gestational diabetes, obstetric intervention, 211
Menopause, hormone replacement therapy, scoring system, 284
Metabolism, polycystic ovary syndrome, pathogenic mechanisms, cardiovascular disease, 3
Mortality, cervical cancer, screening, efficacy, 267
Multiple pregnancy, Beta-symphthomimetics, ritodrine, tocolysis, transaminase, 74
Multiple pregnancy, delayed delivery, conservative management, 161
Multiple pregnancy, IVF, quintriplets, pregnancy reduction, 77

Natural course, hemorrhagic functional ovarian cyst, transvaginal sonography, 47
Neovagina, uterine cervix, agenesis, 168
Normotension, HELLP syndrome, Burr cells, 67

Obstetric intervention, grandmultipara, reproductive outcome, mature gravida, gestational diabetes, 211
Ovarian cancer, long-term survival, cisplatin chemotherapy, 259
Ovarian cysts, prenatal diagnosis, ultrasonography, fetal therapy, 27
Ovary, torsion, pelvic malignancy, 170
Oxytocin, prostaglandin E_2, labor, induction, ripe cervix, score, 21

Paroxysmal supraventricular tachycardia, pregnancy, postpartum, 279
Pathogenic mechanisms, polycystic ovary syndrome, metabolism, cardiovascular disease, 3
Pelvic inflammatory disease, CA-125, CA-15.3, CA-19.9, carcinoembrionic antigen, insulin-like growth factor I, 53
Pelvic malignancy, ovary, torsion, 170
Perinatal mortality, tuberculosis pulmonary, pregnancy complications, infectious, pregnancy outcome, risk ratio, 119
Physiological responses, increased erythrocyte fragility, last trimester of pregnancy, 73
PIH, doppler, preeclampsia, renal artery, interlobar arteries, 129
Placenta previa, second trimester, 207
Polycystic ovary syndrome, pathogenic mechanisms, metabolism, cardiovascular disease, 3
Polymerase chain reaction, cytomegalovirus, chorionic villi, prenatal diagnosis, 229
Postpartum, paroxysmal supraventricular tachycardia, pregnancy, 279
Postpartum hemorrhage, maternal mortality, puerperal sepsis, pregnancy and cardiac disease, 223
Pre-eclampsia, pregnancy, fibronectin, 280
Preeclampsia, doppler, PIH, renal artery, interlobar arteries, 129
Pregnancy, acute myelogenous leukemia, fetal blood, acute effects of chemotherapy, intrauterine growth retardation, 273
Pregnancy, caffeine, hypokalemia, cola, 283
Pregnancy, colon carcinoma, cecum, 72
Pregnancy, Fallot's tetralogy, delivery, 165
Pregnancy, fibronectin, pre-eclampsia, 280
Pregnancy, hepatitis B, surface antigen, screening, 125
Pregnancy, hypertension, high altitude, Saudi Arabia, 135
Pregnancy, paroxysmal supraventricular tachycardia, postpartum, 279
Pregnancy, rubella virus, seroprevelance, 139
Pregnancy, syphilis, congenital syphilis, prevalence, 113
Pregnancy and cardiac disease, materal mortality, puerperal sepsis, postpartum hemorrhage, 223
Pregnancy complications, bladder neoplasms, 282
Pregnancy complications, leiomyomata, surgical management, 71
Prenancy complications infectious, tuberculosis pulmonary, pregnancy outcome, perinatal mortality, risk ratio, 119
Pregnancy outcome, tuberculosis pulmonary, pregnancy complications infectious, perinatal mortality, risk ratio, 119
Pregnancy reduction, IVF, multiple pregnancy, quintriplets, 77

Pregnancy with heart disease, local anesthesia, laparoscopic tubal ligation, 286
Prenatal diagnosis, cytomegalovirus, chorionic villi, polymerase chain reaction, 229
Prenatal diagnosis, ovarian cysts, ultrasonography, fetal therapy, 27
Prevalence, syphilis, congenital syphilis, pregnancy, 113
Prognosis, cervix neoplasms, therapy, uteral obstruction, 59
Prostaglandin E_2, labor, induction, ripe cervix, oxytocin, score, 21
Puerperal sepsis, maternal mortality, postpartum hemorrhage, pregnancy and cardiac disease, 223

Quintriplets, IVF, multiple pregnancy, pregnancy reduction, 77

Renal artery, doppler, PIH, preeclampsia, interlobar arteries, 129
Reproductive outcome, grandmultipara, mature gravida, gestational diabetes, obstetric intervention, 211
Ripe cervix, prostaglandin E_2, labor, induction, oxytocin, score, 21
Risk ratio, tuberculosis pulmonary, pregnancy complications infectious, pregnancy outcome, perinatal mortality, 119
Ritodrine, Beta-symphthomimetics, multiple pregnancy, tocolysis, transaminase, 74
Rubella virus, pregnancy, seroprevelance, 139
Rudimentary horn, unicornate uterus, 149

Sarcoma, leiomyosarcoma, vulval malignancy, 166
Saudi Arabia, hypertension, pregnancy, high altitude, 135
Score, prostaglandin E_2, labor, induction, ripe cervix, oxytocin, 21
Scoring system, menopause, hormone replacement therapy, 284
Screening, cervical cancer, efficacy, mortality, 267
Screening, pregnancy, hepatitis B, surface antigen, 125
Second trimester, placenta previa, 207
Seroprevelance, pregnancy, rubella virus, 139
Serum β-hCG, early diagnosis of pregnancy, intrauterine pregnancy, ectopic pregnancy, vaginosonography, 33
Surface antigen, pregnancy, hepatitis B, screening, 125
Surgical management, leiomyomata, pregnancy complications, 71
Syphilis, congenital syphilis, prevalence, pregnancy, 113

Therapy, cervix neoplasms, uteral obstruction, prognosis, 59
Thymus extracts, β-interferon, human papillomavirus, HIV, 255
Tocolysis, Beta-symphthomimetics, multiple pregnancy, ritodrine, transaminase, 74
Torsion, ovary, pelvic malignancy, 170
Transaminase, Beta-symphthomimetics, multiple pregnancy, ritodrine, tocolysis, 74
Transvaginal sonography, hemorrhagic functional ovarian cyst, natural course, 47
Trisomy 18, Down syndrome, diagnostic sonography, antenatal diagnosis, ear length, 233
Tuberculosis pulmonary, pregnancy complications infectious, pregnancy outcome, perinatal mortality, risk ratio, 119

Ultrasonography, ovarian cysts, prenatal diagnosis, fetal therapy, 27
Unicornate uterus, rudimentary horn, 149
Uteral obstruction, cervix neoplasms, therapy, prognosis, 59
Uterine cervix, neovagina, agenesis, 168
Uterine prolapse, bladder exstrophy, vulvovaginoplasty, 245

Vaginosonography, early diagnosis of pregnancy, intrauterine pregnancy, ectopic pregnancy, serum β-hCG, 33
Vulval malignancy, leiomyosarcoma, sarcoma, 166
Vulvovaginoplasty, bladder exstrophy, uterine prolapse, 245

Women with normal cytology, human papillomavirus, condyloma, 39
